**ABOUT THIS PROGRAM**
Advanced Pain Management and the Medical College of Wisconsin are pleased to offer our Opioids in a New Era continuing medical education activity. We invite you to join us on November 11, 2016, at the Kalahari Resort and Convention Center in Wisconsin Dells, Wisconsin. This activity is meant to illustrate the potential benefit of responsible opioid prescribing for a carefully selected and monitored subgroup of intractable pain patients, as well as the risks associated with prescription use. Advances in alternative pain treatment therapies provide another avenue for chronic pain patients and will be discussed.

**PROGRAM OBJECTIVES**
- **Define** tools, professional resources and strategies for responsible use of opioids in pain relief while minimizing the risk of prescription misuse, abuse and diversion.
- **Identify** information and data surrounding the appropriate use of pharmacological and non-pharmacological options to assist with the treatment of chronic pain patients.
- **Discuss** the revised CDC and MEB guidelines and continuing education requirements surrounding opioids, which will be mandatory beginning in 2017.

- **Explain** data to enable physicians to adopt the new guidelines.
- **Describe** the advances in neurostimulation and other pain treatment options.

**REGISTRATION FEE**
Fee to register: $75
Register online: www.apmhealth.com/cme

**AMERICANS WITH DISABILITIES ACT**
Advanced Pain Management fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify us two weeks prior to the activity.

**FACULTY DISCLOSURE**
Advanced Pain Management has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.
