CREAM CITY CONNECTIONS CONFERENCE

The Cream City Medical Society (CCMS) was named after the cream-colored bricks used to construct many of Milwaukee's finest buildings. For the CCMS these bricks represent strength, beauty and the ability to weather many storms.

The Cream City Medical Society was established in Milwaukee, Wisconsin in 1927, under the leadership of Dr. Richard Herron. Dr. Herron was the son of Milwaukee's first African American physician, Dr. Allen L. Herron.

The Cream City Medical Society is the first and only Milwaukee-based 501(c) (3) organization of African American physicians. It is a charter chapter of the National Medical Association, which is the nation's oldest, and largest association representing African American physicians.

Join us for this luncheon as we learn the latest science & develop team-based collaborations with one another to improve the care of the surgical oncology patient and the dermatology patient.

Target audience: The members of Cream City Medical Society and our physician, surgeon and other healthcare professional colleagues throughout the state of Wisconsin

Learning objectives:

- Describe the latest advancements in surgical oncology
- Discuss common dermatological issues related to dark skin
- Identify potential collaborations with colleagues to improve patient care

Location

Medical College of Wisconsin
8701 Watertown Plank Road
Health Resource Center Room 1210
Milwaukee, WI 53226-0509
